

Disinfectant (Covid-19) Cleaning

ABOUT US

Our janitorial services are versatile enough to suit a wide array of clients and commercial facilities. These services include office cleaning, carpet cleaning, floor cleaning carried out using disinfectant cleaning products. The goal of our custom cleaning plans is to allow us to thoroughly clean in a way that is consistent with what you would like to project to your team and your clients. Let us help prevent the spreading of the COVID- 19.

"Quality is not an act, it is a habit."

-Aristotle

Our disinfectants work really well on all surface and additional to that they also are high specialize cleaning products that will disinfect and clean at the same time. Special for using in areas where there is a high traffic of people crossing germs such as hospitals, restaurants, break rooms, restrooms And much more areas

The precise, methodical manner in which we clean is by design. Elohim has developed a patented system known as our "Same Clean™" cleaning system, which allows us to clean in the same exact way every time. This systematic manner of going about our business differentiates us from our competition, and assures stellar results you can rely on each and every time we clean at your commercial facility.

Why should you choose us?

Due to the severity of the COVID_19 outbreak, it's imperative to maintain a safe and healthy environment for your employees and clients. You need a professional cleaning service such as Elohim to thoroughly disinfect your facility with powerful germicidal formula that offers broad-spectrum germ kill and eliminates Staphylococcus aureus, Pseudomonas, Salmonella, VRE, Canine parvovirus, and MRSA. It's ideal for use in hospitals, nursing homes, schools, colleges, and other facilities where viruses and bacteria are easily spread. Let us work together in decreasing the risk of others contracting the COVID-19 virus.
