

“YOUR SOLUTION PROVIDER”

COMPANY OVERVIEW

ECC Inc. is an 8(a) certified MBE company headquartered in Bristol, PA. ECC began in 2002 offering primarily construction site cleaning services to General Contractors and Construction Management companies in the Tri-state area (Phila-NJ-DE). In recent years, ECC has expanded its services to include four operating divisions, Construction Services, Federal Contracting (services and supply), Janitorial & Facilities Management Services to commercial and government (federal and local) clients and Security Guard Services. Our company has experienced rapid growth due to extensive contacts, outstanding service, and competitive pricing. ECC. ranked #8 Top Minority Firm in the City of Philadelphia employing as many as 83 individuals in 2009. Additionally, our staff is trained in sustainability practices. We provide green cleaning product alternatives and techniques offering points toward LEED certification. Our flexibility and willingness to go the extra mile has earned us a considerable amount of respect within our industry.

Construction Services Division – The Construction Services Division is supported by a staff with over 25 years in the construction industry and a customer list that includes Gilbane, Turner Construction, Sands Casino & Resort and many more. Elohim Cleaning Contractors, Inc. has earned a great deal of respect within the industry providing general labor; post construction, final, and rough cleaning services; selective demolition; waste removal; and related site support services. In 2010, the construction division expanded its services to include concrete work, primarily curbs and sidewalks and rough form work. We believe that a clean work site is a safe work site!

Federal Contracting Division - As an 8(a) certified MBE small business, ECC, Inc. offers a full range of cost effective, eco-friendly products, services and security services to the federal government, including the overlapping services of our Construction, Janitorial/Facilities Management Services divisions. Customers include: Department of Veteran Affairs, Marine Corps Training Centers, and others.

Janitorial & Facilities Management Division - ECC is a full service commercial cleaning company specializing in large scale and special events janitorial services. ECC has focused on “green” cleaning as the industry standard, with a focus on the use of eco-friendly cleaning products and techniques. Customers included several government entities and large commercial facilities such as the Pennsylvania Convention Center.
